

Bridge maintenance tools & equipment

GEMINI
POWER HYDRAULICS PRIVATE LTD

Technology Transfer License from 

Operation Sequence

Platform Type

Key Features:

- Hydraulic Operated
- PLC & Remote Control Operation
- Assembled on Local Chassis
- RTO Compliant
- International Safety & Standards
- Quick Deployment Time

Bucket Type

Bridge Access Platforms

- Self Propelled
- Easy & Safe Solution to Work at Height
- Accessible in Difficult Terrain

ARTICULATED BOOMS | TELESCOPIC BOOMS | SCISSOR LIFTS | AVAILABLE HEIGHTS : 8 - 43 M

- Truck Mounted
- Assembled on Local Chassis
- RTO Compliant
- Available Heights : 14 - 62 M

ARTICULATED BOOMS

TELESCOPIC BOOMS

HIGH RANGE

Bridge Maintenance Tools

HYDRAULIC TOOLS & EQUIPMENT

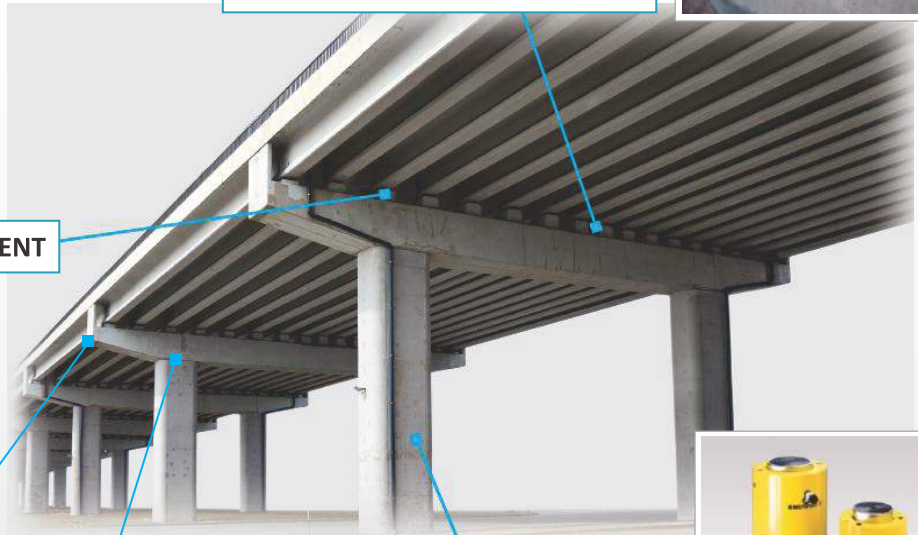

LIFTING and BEARING REPLACEMENT

SLIDE JACKING

ANCHOR BOLT, ROD and
CABLE TENSIONING and TESTING

PILE TESTING and DE-PROPPING

MOVING HEAVY WEIGHTS

Heavy Load Displacement

Portable Fuel Dispensing Unit

Pilferage & Spill Proof | Anti Theft System
Built in Fuel Pump | Within CCOE permissible limit
